**** This course may attract up to 30 CPD points****

Course Description

This training program aims to expand the knowledge of Allied Health Professionals, builders, building consultants and building designers to have the requisite skills and knowledge to create and modify existing private dwellings to suit the specific needs of the client, and where appropriate, family and/or carers.

Program

Session 1: Understanding disability and the barriers within the home environment

Session 2: Assessing and specifying requirements for client's needs

The Home Modifications Course comprises of one unit of competency – which forms part of the CPP50711 – Diploma of Access Consulting.

CPPACC5016A – Provide expert access advice on renovations to private dwellings

This unit is nationally recognised and will provide you with future opportunities to complete Diploma level qualifications if you complete the assessment task.

Assessment is not compulsory. You will receive a Certificate of Attendance if you choose not to complete the assessment. Should you complete the assessment you will be awarded a nationally recognised Statement of Attainment.

The training package can be adapted to your specific availability but is generally carried out over two consecutive days. Support to complete the project and the assessment tasks will be provided throughout.

Learn From the Experts

Over a decade of experience and leadership

The Independent Living Centre NSW has provided disability access advice to the industry for more than ten years and is a leader in this new and expanding field of expertise. Clients include major architecture firms and design and construct companies. Projects include major sporting venues, high-rise buildings, large-scale residential developments, open spaces, aged care and childcare facilities, and entertainment venues.

Training staff have hands-on practical experience consulting on the interpretation of the BCA and Australian Standards for compliance with disability legislation, auditing drawings and buildings for compliance, including on SEPP (Seniors Living) developments, in Home Modifications and Assistive Technologies.

Training Team

Meeting your needs

Hamish Murray is an Access Consultant with over 30 years in the building Industry. Hamish understands the needs of people with a disability and the construction industry, and is able to mediate successful outcomes to meet the needs of all parties.

Queenie Tran (M. Architecture, UNSW) has been working in the design and construction field since 2007. Her extensive experience in architecture and access consultancy, offers a unique perspective on private residential design.

Esther Huber is an ILC NSW Occupational Therapist with many years expertise in matching AT (aids and equipment) with home modification together to meet a person's needs.

The team includes staff with relevant experience and guest presenters on specialised topics. Ongoing support will be provided to ensure the assessment tasks can be completed successfully.

Claim Formal Training Hours

ILC NSW is a registered training organization (RTO ID No. 90707)

The Independent Living Centre NSW is a Registered Training Organisation under the Australian Quality Training Framework, and is registered by the Australian Skills Quality Authority to deliver training, conduct assessment and issue training qualifications.

Members of the Master Builders Association of NSW and Building Designers Association of NSW who gain the Statement of Attainment should contact their Association for information on professional development benefits associated with this training.
